**Findings from Europe's largest ever-independent  
Coaching & Mentoring Research Project**

In this keynote session, the findings from Europe's largest ever independent coaching and mentoring research project will be presented. The survey was undertaken during a 12-week period in Spring 2017 and was carried out in more than 50 countries. A total of 3000 participants engaged with the research, completing the questionnaire. This included participants from six target groups:

- (i) Coaches
- (ii) Mentors
- (iii) Mentor Scheme Managers
- (iv) Organisational Coach Commissioners
- (v) Specialists safety coaches
- (vi) Specialist driving coaches.

The results from the research will be presented at both a European wide level and a central Europe-an level. Issues raised within the questionnaire relate to professional background and experience, continues education, ethics as well as various aspects of the interviewees coaching and mentoring practice (i.e. hrs of coaching/year, area's of coaching, rates).
